

Aula de Robótica EPS-UAH Backend API

/openapi.json

API REST para la gestión de autenticación, autorización y usuarios del Aula de Robótica de la Escuela Politécnica Superior (Universidad de Alcalá).

Funcionalidades principales:

- Autenticación basada en JWT (HS256)
- Autorización jerárquica basada en roles (RBAC)
- Gestión administrativa de usuarios (CRUD)
- Persistencia con MariaDB
- Arquitectura modular con FastAPI y SQLAlchemy
- Documentación automática OpenAPI

Seguridad:

Todos los endpoints (excepto login) requieren autenticación mediante Bearer Token.

Authorize

Authentication

POST /api/auth/login Iniciar sesión, autenticación de usuario

Users

GET /api/users/ Listar usuarios

POST /api/users/ Crear nuevo usuario

GET /api/users/{user_id} Obtener usuario por ID

DELETE /api/users/{user_id} Eliminar usuario

GET /api/users/me Obtener perfil del usuario autenticado

Authentication Web

GET /login Login Page

POST /login Login

GET /refresh Refresh Token

POST /logout Logout

SAML Authentication Web

GET /auth/saml/login Saml Login

GET /auth/saml/mock Mock Login

GET /auth/saml/metadata Metadata

POST /auth/saml/acs Acs

SAML

GET /auth/saml/login Saml Login

GET /auth/saml/mock Mock Login

GET /auth/saml/metadata Metadata

POST /auth/saml/acs Acs

Dashboard Web

GET /dashboard Dashboard

Users Web

GET /users/ Users List

GET /users/form User Form Create

POST /users/form User Create

GET /users/{user_id}/edit User Form Edit

POST /users/{user_id}/edit User Update

GET /users/{user_id} User Detail

GET /users/me My Profile

POST /users/{user_id}/roles Update User Roles View

POST /users/{user_id}/delete Delete User

POST /users/{user_id}/deactivate Deactivate User

POST /users/{user_id}/activate Activate User

Identities Web

GET /identities/ Identities List

GET /identities/{identity_id}/edit Identity Form

POST /identities/{identity_id}/edit Identity Save

GET /identities/form Identity Form

POST /identities/form Identity Save

GET /identities/{identity_id} Identity Detail

POST /identities/{identity_id}/delete Identity Delete

Roles Web

GET /roles/ Roles List

GET /roles/{role_id}/edit Role Form

POST /roles/{role_id}/edit Role Save

GET /roles/form Role Form

POST /roles/form Role Save

GET /roles/{role_id} Role Detail

POST /roles/{role_id}/delete Role Delete

Projects Web

GET /projects/ Projects List

GET /projects/form Project Form Create

POST /projects/form Project Create

GET /projects/{project_id} Project Detail

GET /projects/{project_id}/edit Project Form Edit

POST /projects/{project_id}/edit Project Update

POST /projects/{project_id}/delete Project Delete

POST /projects/{project_id}/members Add Project Member

POST /projects/{project_id}/members/{user_id}/delete Delete Member

Tasks Web

GET /tasks/ Tasks List

GET /tasks/form Task Create Form

POST /tasks/form Task Create

GET /tasks/{task_id}/edit Task Edit Form

POST /tasks/{task_id}/edit Task Update

GET /tasks/{task_id} Task Detail

POST /tasks/{task_id}/delete Task Delete

POST /tasks/{task_id}/status Change Task Status

Activities Web

GET /activities/ Activities List

GET /activities/form Activity Create Form

POST /activities/form Activity Create

GET /activities/{activity_id} Activity Detail

GET /activities/{activity_id}/edit Activity Edit Form

POST /activities/{activity_id}/edit Activity Update

POST /activities/{activity_id}/delete Activity Delete

Notifications

GET /notifications/ Notifications Page

POST /notifications/{notification_id}/read Read Notification

POST /notifications/read-all Read All Notifications

GET /notifications/{notification_id}/open Open Notification

Activity Attachments

POST /activity-attachments/upload Upload Attachment

GET /activity-attachments/{attachment_id}/download Download Attachment

POST /activity-attachments/{attachment_id}/delete Delete Attachment
